

iSequence

1. Launch **iCardSort Lite** app.
2. Tap **Decks** (upper left hand corner) and select Sequences deck.
3. Matching: Select the **blue term value cards** that represent the first five terms for each **pink expression card** given. (*Record your work and answers on the provided recording sheet.*)
4. Sequence: Make sure **terms are in sequential order** (*1st term, 2nd term, 3rd term, etc...*)
5. Follow same process for all 6 expression cards.
6. **Record your results and work** on the provided recording sheet.
7. You will have **5 blue cards left over**. Put them in sequential order in iCardSort and generate the rule for the additional cards on your recording sheet.
8. **Email deck** to your teacher. (*Include your names and class period in body of the email.*)
9. ****Shuffle cards** and return iPad to your teacher.
10. If time allows, complete the 2 additional extensions on your recording sheet.
11. Submit your recording sheet to your teacher.
